

Triangular Wave Technologies "Bottleless" Water Cooler

Bottleless Water Cooler

TWT-WCH (Cold & Room Temperature/Hot Water)

TWT-WC (Cold & Room Temperature)

No need to lift, carry, buy or store heavy water bottles. Our patented filter system removes **chlorine, lead and volatile organic chemicals, removes foul odors and restores taste and clarity.** All in one unit. Requires a standard water line and electrical outlet. Ideal for kitchens, dens, offices, wet bars, etc.

Features...

- Cold & Hot indicator lights signal that circuit is working
- The unique and patented Meter valve provides automatic shutoff and signals when to change filter
- Night light is available above spouts
- Outer Cabinet is textured, and the color is molded throughout to help hide scratches or scrapes
